⁽¹⁾ This account is for businesses utilizing additional services, such as Cash Management Services and those that maintain a higher volume of monthly transactions. Commercial Checking is an analyzed account. The Bank utilizes a process called Account Analysis, which allows a business to offset fees and service charges by maintaining compensating balances. Instead of an account being "hard charged" and debited for services throughout the month, a running total, called "soft charges" is kept. At the end of the month, the customer receives an earnings credit based on the average collected balance in the account. If the amount of the earnings credit is greater than the soft charge total, no fees are deducted for that month. If the amount of the earnings credit is less than the soft charge total, the remaining fees will be deducted from the account balance.

⁽²⁾ Eligibility for the Business Interest Checking Account is limited to Sole Proprietors.

⁽³⁾ The interest rate and annual percentage yield may change after account opening. Annual Percentage Yield = APY

⁽⁴⁾ For non-profits, associations, foundations, and other tax-exempt organizations

⁽⁵⁾ Federal Regulation limits you from making more than a total of six (6) transfers each month to other accounts from a savings or money market account (including transfers to another account for overdraft protection) or to third parties each month by check, through point-of-sale purchase transactions with a banking card, by pre-authorized or automatic agreements, telephone, or online banking.

⁽⁶⁾ Product offered in conjunction with existing John Marshall Bank relationship.

⁽⁷⁾ Without overdraft protection, overdraft fees are \$35.00 per paid or returned item, plus a daily overdraft fee of \$3.00 for each day the account remains in an overdrawn status after seven (7) days.
