1. This account features an earnings credit which is applied to reduce or eliminate some of the fees on the account. The earnings credit is calculated by applying an earnings credit rate to the monthly investable balance (average collected monthly balance minus the reserve requirement). The earnings credit rate is determined by the Bank and is subject to change at any time with no prior notice. If the earnings credit exceeds those fees during the monthly statement period, you will be assessed none of those fees. You will not be paid, carry forward or otherwise receive credit for any excess earnings credit.
2. Eligibility for the Business Interest Checking Account is limited to Sole Proprietors.
3. For nonprofits, associations, foundations, and other tax-exempt organizations.
